The Ministry of Agriculture, Land and Fisheries (MALF) reviewed Nineteenth Report of the Public Accounts Committee on the Examination of the Reports of the Auditor General on the Financial Statements of the Agricultural Development Bank (ADB) for the financial years 2014 to 2018.

The MALF provides input towards the recommendations proposed to improve the operations of the ADB as follows:

#### **1. Outstanding Audited Financial Statements**

| <b>Recommendation</b>  | <b>Comment of the MALF</b>   |
|--|--|
| (i.) The ADB should provide to Parliament the status of the outstanding audited financial statements for financial years 2020-2023 by January 14, 2025             | (i.) The MALF agrees that timely reporting on financial statements is a priority. The MALF was informed by the ADB that the audit of the financial statements for 2020 was completed by the Auditor General's Department (AGD).<br>The draft financial statements for 2021 and 2022 were adjusted and resubmitted to the AGD on October 2, 2024, due to the adjustment of the asset valuation for 2018.<br>The draft financial statements for 2023 and 2024 were completed but adjustments were necessary as the AGD required the inclusion of International Financial Reporting Standards (IFRS) 16. The expected completion date is January 22, 2025, for submission to the Finance Committee. |
| (ii.) The MALF in collaboration with the ADB should propose amendments to the Agricultural Development Bank Act Chap. 79:07 to include a provision relating to the | (ii.) The MALF noted the recommendation. ## 2. Status on Government Subvention

| <b>Recommendation</b>  | <b>Comment of the MALF</b>  |
|--|---|

The subvention of the ADB is under the purview of the Ministry of Finance MoF. |

## 3. Outdated Legislation

| <b>Recommendation</b>  | <b>Comment of the MALF</b>   |
|--|--|

The MALF previously received recommendations of amendments to the ADB Act in 2014 and 2018 from the Board of the ADB. Given the reprioritization of the legislative agenda of the MALF, there have been no amendments to the ADB Act. The IT consultant will also assist in upgrading critical IT components such as the network, hardware, operating system, processes, and core banking software. Additionally, the consultant will be a part of the ADB's IT Steering Committee to guide the strategic direction of IT initiatives.</p> |

## 8. Youth engagement

| Recommendation   | Comment of the MALF  |

| <p>(i.)
