

REPORT OF THE AUDITOR GENERAL OF THE REPUBLIC OF TRINIDAD AND TOBAGO ON THE STATEMENT OF RECOVERY OF EXPENSES OF THE MINISTRY OF ENERGY AND ENERGY INDUSTRIES FOR THE YEAR ENDED DECEMBER 31, 2018

OPINION

The Statement of Recovery of Expenses of the Ministry of Energy and Energy Industries (the Statement), for the year ended December 31, 2018 has been audited. The Statement is supported by Schedules numbered 1 to 5.

2. In my opinion, the Statement as outlined at paragraph one above presents fairly, in all material respects, the amounts recoverable by the Ministry of Energy and Energy Industries in respect of the expenses of the administration of the petroleum industry for the year ended December 31, 2018 as shown by the records of the Ministry of Energy and Energy Industries and according to information and explanations provided by management of the Ministry of Energy and Energy Industries.

BASIS OF OPINION

3. The audit was conducted in accordance with accepted auditing standards. The Auditor General's responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of this report. The Auditor General is independent of the Ministry of Energy and Energy Industries in accordance with the ethical requirements that are relevant to the audit of the financial statements and other ethical responsibilities have been fulfilled in accordance with these requirements. It is my view that the audit evidence obtained is sufficient and appropriate to provide a basis for the above audit opinion.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENT

4. Management of the Ministry of Energy and Energy Industries is responsible for the preparation and fair presentation of the Statement and for such internal control as management determines is necessary to enable the preparation of the statement that is free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Ministry of Energy and Energy Industries financial reporting process.

AUDITOR'S RESPONSIBILITY

5. The Auditor General's responsibility is to express an opinion on these financial statements based on the audit and to report thereon in accordance with section 116 of the Constitution of the Republic of Trinidad and Tobago

6. The Auditor General's objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes his opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

7. As part of an audit in accordance with accepted auditing standards, the Auditor General exercises professional judgment and maintains professional skepticism throughout the audit. The Auditor General also:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for an opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ministry of Energy and Energy Industries internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluates the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

8. The Auditor General communicates with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that were identified during the audit.

SUBMISSION OF REPORT

9. This Report is being submitted to the Speaker of the House of Representatives, the President of the Senate and the Minister of Finance in accordance with sections 116 and 119 of the Constitution of the Republic of Trinidad and Tobago.

10. The Report has also been submitted to the Minister of Energy and Energy Industries for his attention. A copy of the Report has been sent to the Permanent Secretary, Ministry of Energy and Energy Industries for information and necessary action.
