BACKGROUND

General

The Foreign Account Tax Compliance Act (“FATCA”) was enacted in the United States in March 2010, to ensure the collection of tax revenues for United States (U.S.) persons holding offshore accounts / portfolios with Foreign Financial Institutions (FFIs) which includes entities in the Securities Market.

The FATCA is a (“US”) financial disclosure and transparency law designed to combat offshore tax evasion by US persons who hold investments in offshore accounts¹ or portfolios. It was signed into US law on March 18

¹ Offshore accounts may also include portfolio holders; the definition of Account holder will also apply to portfolio holder.

2010, became effective July 1, 2014 and requires Foreign Financial Institutions (“FFIs”) to provide information annually on US Reportable Accounts held with the FFI to the US Internal Revenue Service (“IRS”). This law imposes a new withholding and reporting regime upon all FFIs that invest directly or as an intermediary in U.S. assets on behalf of US persons. These withholding and reporting requirements add another layer of rules to the existing withholding and reporting rules, including the Qualified Intermediary regime.

FATCA seeks to promote cross border compliance with US tax requirements by implementing an international standard for the automatic exchange of information related to US taxpayers. Non-compliance with FATCA imposes inter alia a 30% withholding tax on FFIs and US persons and has the potential to compromise correspondent banking relationships with US banks.

Trinidad and Tobago Intergovernmental Agreement

The Government of Trinidad and Tobago signed a Model 1A Inter-Governmental Agreement (“IGA/declared agreement”) with the US on Friday August 19th 2016 and brought the IGA into the laws of Trinidad and Tobago by repealing the 1989 Tax Information Exchange Agreement Act, Chap. 76:51 between the US and Trinidad and Tobago, and replaced it with the Tax Information Exchange Agreements (United States of America) Act, No. 4 of 2017 (“TIEAA”) which was enacted in March 2017.

The TIEAA provides for the automatic reporting and exchange of information on an annual basis in relation to financial accounts / portfolios held in reporting financial institutions in Trinidad and Tobago by US persons.

Under the terms of the TIEAA, reporting Financial Institutions must provide the Trinidad and Tobago’s Competent Authority, namely the Board of Inland Revenue (“BIR”), with the required information. The BIR will in turn forward the information to the Competent Authority in the US, namely the IRS.

TIEAA AND THE SECURITIES SECTOR

The TIEAA makes provisions for implementation of the declared agreements between Trinidad and Tobago and the US for the exchange of information for the purposes of taxation.

The TIEAA expands the powers of the Trinidad and Tobago Securities and Exchange Commission (“TTSEC”) as set out in the Securities Act, Chap.83:02 of the laws of the Republic of Trinidad and Tobago (the “Securities

Act”). In accordance with Section 7(1) (ja) of the Securities Act, the TTSEC has the power to formulate, prepare and publish guidelines in respect of declared agreements, as defined in these TIEAA Guidelines, for the purpose of discharging its functions under the Securities Act. The 1989 Tax Information Exchange Agreement (1989 TIEA) as defined in Section 5 of the TIEAA and the IGA as defined in Section 9 of the TIEAA are the declared agreements which the BIR is expected to oversee. The TTSEC is further empowered pursuant to Section 146 of the Securities Act to issue guidelines to aid compliance with a declared agreement.

Given that some registrants are dually registered with the Central Bank of Trinidad and Tobago (“CBTT”) and the TTSEC, collaboration will be required among the TTSEC, the CBTT and the BIR to give effect to the TIEAA and the declared agreement.

Consequently, as detailed herein, these TIEAA Guidelines provide registrants regulated by the TTSEC with guidance as to what is required to ensure compliance with the reporting requirements of the TIEAA.

APPLICATION AND SCOPE

These TIEAA Guidelines apply to Applicable Registrants, who are “investment entities” and “custodial entities” as defined in the TIEAA, regardless of whether they currently maintain any Account (s) / Portfolio (s) for Specified US Persons. Hereinafter, these institutions will be collectively referred to as “Applicable Registrant(s)”.

Applicable Registrants should be aware that overseas branches and subsidiaries and issuers of securities will be subject to the laws of the respective jurisdiction as it pertains to the exchange of tax information and will therefore, not be subject to these Guidelines. However, it is expected that Applicable Registrants will ensure that their overseas branches and subsidiaries comply with the relevant laws and regulations in their respective jurisdictions.

The TTSEC may take such regulatory measures, as may be allowed under Section 89 of the Securities Act, to ensure compliance with these TIEAA Guidelines.

PURPOSE OF THE TIEAA GUIDELINES

The purpose of these TIEAA Guidelines is to provide direction to Applicable Registrants for implementation of, and on-going compliance with the reporting requirements under the TIEAA through the following –

- a) establishment of an adequate compliance framework;
- b) implementation of effective policies, procedures and controls; and
- c) appointment of a Responsible Officer.

The main responsibilities of the TTSEC in respect of these TIEAA Guidelines include –

- a) reviewing Applicable Registrants' compliance with these TIEAA Guidelines through onsite examinations and / or off-site surveillance. This will comprise, *inter alia*, reviewing the compliance framework, including policies and procedures, of all Applicable Registrants to determine its adequacy;
- b) taking regulatory action against Applicable Registrants which fail to adequately comply with these TIEAA Guidelines; and
- c) sharing information with the BIR and the CBTT as required for the purpose of giving effect to the TIEAA.
