## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF THE UNIVERSITY OF TRINIDAD AND TOBAGO

We have audited the accompanying financial statements of The University of Trinidad and Tobago ('the University') which comprise the statement of financial position as at 30 September 2014 and the statements of income and expenditure, comprehensive income, changes in reserves and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Building a better  
working world

## INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF THE UNIVERSITY OF TRINIDAD AND TOBAGO  
(Continued)

### **Basis for Qualified Opinion**

As explained in Notes 2 (e) and 17 to the financial statements, the University has not accounted for taxation in these financial statements as required by International Accounting Standards 12: "Income Taxes" notwithstanding the fact that the University's application for Charitable Organisation Status under the Corporation Tax Act, with retroactive effect from 14 September 2004, has to date not been granted by the Board of Inland Revenue. The University continues to pursue a resolution of the matter, and is therefore subject to taxation. If the University were to account for taxation there would be no corporation tax liability and expense to be recorded as at 30 September 2014 and for the year then ended, as the University is in a taxable loss position. There would also be no net deferred tax expense to be recorded in the statement of income and expenditure for the year ended 30 September 2014, as the deferred tax asset equates the deferred tax liability. However, non-current assets and non-current liabilities as reflected on the statement of financial position as at 30 September 2014 are both understated by \$58 million (2013: \$52 million) in respect of the unrecorded gross deferred tax asset and liability. There is no impact on accumulated reserves as at 30 September 2014.

### **Qualified Opinion**

In our opinion, except for the effect of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the University as at 30 September 2014, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards.

# THE UNIVERSITY OF TRINIDAD AND TOBAGO

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014

### **1. Corporate information**

The University of Trinidad and Tobago (“the University”) was incorporated on 14 September 2004 as a non-profit company under the Companies Act, Chapter 81:01 of the laws of Republic of Trinidad and Tobago.

The University operates out of multi-campus facilities throughout Trinidad and Tobago. Its registered office is at Lots 74-98 O’Meara Industrial Estate, O’Meara, Arima, Trinidad.

The Government of the Republic of Trinidad and Tobago (GORTT), through the Corporation Sole, is the Founder Member of the University. With effect from June 2010, the Corporation Sole is the only Member of the University. As at 25 October 2017, the Board of Governors comprises 11 members (As at 30 September 2014: 8 members).

The University is an institution of higher education and research. It provides training and educational services primarily at the undergraduate, graduate and post-doctoral levels, and performs research and other services through contributions from GORTT, corporate donors and sponsoring organisations and under contracts with various clients. The University has fostered partnerships with the private sector and entered into strategic alliances with internationally reputable universities. The private sector advises on industry-relevant course content to enable the University to produce industry-ready graduates.

The University has a ‘Professional Education Unit’ (PEU) which provides short courses and professional programmes mainly to meet the technical training needs of the oil and gas industry.

In March 2007, the University established two companies as follows:

- (i) ‘URECO Ltd’ – to manage the University’s real estate portfolio;
- (ii) ‘(UTT) Caribbean Industrial and Technological Services Ltd’ – to provide scientific and technological services.

In March 2011 a decision was made to wind up these companies which had never conducted business but whose incorporation and start-up expenses had been absorbed by the University. As at 25 October 2017, the process to wind up these companies is ongoing.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies**

The principal accounting policies adopted in the preparation of these financial statements are set out below:

**(a) Basis of preparation**

These financial statements are expressed in thousands of Trinidad and Tobago dollars except where otherwise stated, and have been prepared on a historical cost basis.

These financial statements do not include the results or net assets of 'URECO Ltd.' and '(UTT) Caribbean Industrial and Technological Services Ltd.' for the year ended 30 September 2014 as these companies have not commenced operations and do not have any net assets to be reported herein.

**(i) Statement of compliance**

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB).

**(ii) Changes in accounting policies and disclosures**

*New and amended standards and interpretations*

The University has adopted, for the first time, certain standards and amendments that are applicable for the 2014 financial year. However there is no impact on the amounts reported and/or disclosures in the financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies** (continued)

**(a) Basis of preparation** (continued)

**(ii) Changes in accounting policies and disclosures** (continued)

*New and amended standards and interpretations* (continued)

**Amendments to IAS 1 - Clarification of the requirement for comparative information**

These amendments clarify the difference between voluntary additional comparative information and the minimum required comparative information. An entity must include comparative information in the related notes to the financial statements when it voluntarily provides comparative information beyond the minimum required comparative period. The amendments clarify that the opening statement of financial position (as at 1 October 2013 in the case of the University), presented as a result of retrospective restatement or reclassification of items in financial statements does not have to be accompanied by comparative information in the related notes. The amendments affect presentation only and have no impact on the University's financial position or performance.

**Amendments to IFRS 1, 'Government Loans'**

The IASB added an exception to the retrospective application of IFRS 9 Financial Instruments (or IAS 39 Financial Instruments: Recognition and Measurement, as applicable) and IAS 20 Accounting for Government Grants and Disclosure of Government Assistance. These amendments require first-time adopters to apply the requirements of IAS 20 prospectively to government loans existing at the date of transition to IFRS. The adoption of this standard has no impact on these financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies** (continued)

**(a) Basis of preparation** (continued)

(ii) Changes in accounting policies and disclosures (continued)

*New and amended standards and interpretations* (continued)

**Amendments to IFRS 7 - Offsetting Financial Assets and Financial Liabilities**

The amendments require an entity to disclose information about rights of set-off and related arrangements (e.g., collateral agreements). The disclosures will provide users with information that is useful in evaluating the effect of netting arrangements on an entity's financial position.

The new disclosures are required for all recognised financial instruments that are set off in accordance with IAS 32 Financial Instruments: Presentation. The disclosures also apply to recognised financial instruments that are subject to an enforceable master netting arrangement or 'similar agreement', irrespective of whether they are set off in accordance with IAS 32. The adoption of this standard has no impact on these financial statements.

**IFRS 10, 'Consolidated financial statements'**

IFRS 10 builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess. The adoption of this standard has no impact on these financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

- (ii) Changes in accounting policies and disclosures (continued)

*New and amended standards and interpretations (continued)*

**IFRS 11, 'Joint Arrangements'**

IFRS 11, 'Joint arrangements' focuses on the rights and obligations of the parties to the arrangement rather than its legal form. There are two types of joint arrangements: joint operations and joint ventures. Joint operations arise where the investors have rights to the assets and obligations for the liabilities of an arrangement. A joint operator accounts for its share of the assets, liabilities, revenue and expenses. Joint ventures arise where the investors have rights to the net assets of the arrangement; joint ventures are accounted for under the equity method. Proportional consolidation of joint arrangements is no longer permitted. The adoption of this standard has no impact on these financial statements.

**IFRS 12, 'Disclosures of Interests in Other Entities'**

IFRS 12 sets out the requirements for disclosures relating to an entity's interests in subsidiaries, joint arrangements, associates and structured entities. The requirements in IFRS 12 are more comprehensive than the previously existing disclosure requirements for subsidiaries. The adoption of this standard has no impact on these financial statements.

**IFRS 13, 'Fair Value Measurement'**

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS. IFRS 13 defines fair value as an exit price. IFRS 13 also requires additional disclosures.

Additional disclosures where required, are provided in the individual notes relating to the assets and liabilities whose fair values were determined. The adoption of this standard has no impact on these financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

**(ii) Changes in accounting policies and disclosures (continued)**

*New and amended standards and interpretations (continued)*

**IFRIC 20, 'Stripping Costs in the Production Phase of a Surface Mine**

IFRIC 20 applies to waste removal (stripping) costs incurred in surface mining activity, during the production phase of the mine.

If the benefit from the stripping activity will be realized in the current period, an entity is required to account for that stripping activity costs as part of the costs of inventory. When the benefit is the improved access to ore, the entity recognizes these costs as a non-current asset, only if certain criteria are met. This is referred to as the 'stripping activity asset'. The stripping activity asset is accounted for as an addition to, or as an enhancement of, an existing asset.

If the costs of the stripping activity asset and inventory produced are not separately identifiable, the entity allocates the cost between the two assets using an allocation method based on a relevant production measure.

After initial recognition, the stripping activity asset is carried at its costs or revalued amount less depreciation or amortization and less impairment losses, in the same way as the existing asset of which it is a part.

The adoption of this interpretation has no impact on these financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

(ii) Changes in accounting policies and disclosures (continued)

*New and amended standards and interpretations (continued)*

**IAS 19, 'Employee Benefits' (Revised 2011)**

IAS 19 (revised 2011) changes the accounting for defined benefit plans and termination benefits. The most significant change relates to the accounting for changes in defined benefit obligations and plan assets. The amendments require the recognition of changes in defined benefit obligations and in the fair value of plan assets when they occur, and hence eliminate the 'corridor approach' permitted under the previous version of IAS 19 and accelerate the recognition of past service costs. The amendments require all actuarial gains and losses to be recognized immediately through other comprehensive income in order for the net pension asset or liability recognized in the statement of financial position to reflect the full value of the plan deficit or surplus.

Furthermore, the interest cost and expected return on plan assets used in the previous version of IAS 19 are replaced with a 'net interest' amount under IAS 19 (revised 2011), which is calculated by applying the discount rate to the net defined benefit liability or asset. In addition, IAS 19 (revised 2011) introduces certain changes in the presentation of the defined benefit cost including more extensive disclosures. The University does not have any defined benefit plans and therefore the revision to this standard has no impact on these financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

(ii) Changes in accounting policies and disclosures (continued)

*Standards in issue but not yet effective*

The University has not adopted the following new and amended IFRSs and IFRIC (International Financial Reporting Interpretations Committee) interpretations that have been issued but are not yet effective:

- IAS 16 and IAS 38 – Clarification of Acceptable Methods of Depreciation and Amortisation – (effective 1 January 2016)
- IFRS 10, IFRS 12 and IAS 27 – Investment Entities (effective 1 January 2014)
- IAS 36 – Recoverable Amount Disclosures for Non- Financial Assets (effective 1 January 2014)
- IAS 32 – Offsetting Financial Assets and Financial Liabilities (effective 1 January 2014)
- IAS 27 – Equity Method in Separate Financial Statements (effective 1 January 2016)
- IAS 39 – Novation of Derivatives and Continuation of Hedge Accounting (effective 1 January 2014)
- IFRS 9 – Financial Instruments: Classification and Measurement (effective 1 January 2018)
- IFRS 10 and IAS 28 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (effective 1 January 2016)
- IFRS 11 – Accounting for Acquisition of Interests in Joint Operations – (effective 1 January 2016)

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(a) Basis of preparation (continued)**

(ii) Changes in accounting policies and disclosures (continued)

*Standards in issue but not yet effective (continued)*

- IFRS 14 – Regulatory Deferred Accounts (effective 1 January 2016)
- IFRS 15 – Revenue from Contracts with Customers (effective 1 January 2017)
- IFRS 16 – Leases (effective 1 January 2019)
- IFRIC 21 – Levies (effective 1 January 2014)
  
- Improvements to IFRSs (2012-2014): The IASB issued improvements to four standards which are effective from 1 January 2016.

Management is currently assessing the impact of these new and revised standards on the financial statements.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(b) Significant accounting estimates, assumptions and judgements**

The preparation of these financial statements in conformity with IFRSs necessitates the use of estimates, assumptions and judgements. These estimates and assumptions affect the reported amounts of assets and liabilities and accompanying disclosures of contingent liabilities at the year-end date as well as the reported income and expenses for the year. Although the estimates are based on management's best knowledge and judgement of current facts as at the year-end date, the actual outcome may differ from these estimates.

The key assumptions concerning the future and other key sources of estimation at the year-end date, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

*Property, plant and equipment*

Management exercises judgement in determining whether costs incurred can accrue significant future economic benefits to the University to enable the value to be treated as capital expenditure. Further judgement is applied in the annual review of the useful lives of all categories of property, plant and equipment and the resulting depreciation determined thereon.

*Provision for doubtful debts*

The University has made provision for doubtful debts at a level considered adequate to provide for potential uncollectable receivables. The level of this provision is evaluated by the University on the basis of factors that affect the collectability of the debts. These factors include, but are not limited to, the length of the University's relationship with its customers, their pattern of payments and known market factors. The amount and timing of recorded expenses for any period would differ if the University utilised different judgements or estimates in relation to the collectability of these debts.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(c) Current versus non-current classification**

The University presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The University classifies all other assets and liabilities as non-current.

**(d) Impairment of assets**

Various assets of the University are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

**(e) Taxation**

As explained in Note 17, taxation has not been accounted for in these financial statements in accordance with IAS 12: "Income Taxes".

**2. Significant accounting policies (continued)**

**(f) Foreign currency translation**

These financial statements are presented in Trinidad and Tobago dollars (amounts expressed in thousands subject to Note 2 a) which is the University's functional currency.

Transactions in foreign currencies are initially recorded in the functional currency at the prevailing rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Trinidad and Tobago dollars at the rate of exchange ruling at the year-end date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions are recognised in the statement of income and expenditure.

**(g) Property, plant and equipment**

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses (where applicable).

Subsequent costs are included in the carrying amount of the asset or recognised as a separate asset, only when it is probable that future economic benefits will accrue to the University and the cost can be measured reliably. All repairs and maintenance are charged to the statement of income and expenditure when incurred. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down to its recoverable amount.

With the exception of land and capital works in progress, depreciation is charged on all other assets on the straight-line basis at rates estimated to write off these assets over their expected useful lives as follows:

Buildings and improvements	–	2.5% - 5%
Motor vehicles	–	25%
Machinery and equipment	–	5% - 33 ⅓%
Office equipment, furniture and fixtures	–	4% - 33 ⅓%

The costs of buildings under construction are classified under 'capital works in progress'. Depreciation is charged when the construction is substantially completed and the asset is ready for use.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(g) Property, plant and equipment (continued)**

Property, plant and equipment transferred by GORTT and/or donated by other sources to the University are recognised at estimated fair values, with a corresponding credit to the deferred capital grants account or deferred contributions account.

Gains or losses arising from the derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of income and expenditure when the asset is derecognised.

**(h) Intangible assets**

Intangible assets are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

All of the University's intangible assets are assessed as having a finite life. They are therefore amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortisation period for an intangible asset is reviewed annually.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the expense category consistent with the function of intangible assets.

Computer software licences are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. Expenditure which enhances and extends the benefits of computer software programs beyond their original specifications and lives is capitalised. These costs are amortised on a straight-line basis over periods of three to seven years.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(i) Leases**

*Operating leases – University as Lessee*

Leases of assets under which all the risks and benefits of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the statement of income and expenditure on a straight-line basis over the period of the lease.

When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of liquidated damages is recognised as an expense in the period in which termination takes place.

**(j) Inventory**

Inventory representing the cost of books for resale, is valued at the lower of cost and net realisable value. Cost is determined using the “first-in first-out” (FIFO) method. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

**(k) Financial assets**

*Initial recognition and measurement*

The University’s financial assets include cash and short term deposits, accounts receivable and accounts payable. The University determines the classification of its financial assets at initial recognition. All financial assets are recognised initially at fair value.

*Subsequent measurement*

The subsequent measurement of financial assets depends on their classification as follows:

**Cash and short-term deposits**

Cash and short term deposits are measured at cost and include cash at bank and in hand and funds held in short-term deposits with original maturity of three months or less, which are subject to an insignificant risk of changes in value.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(k) Financial assets (continued)**

**Accounts receivable**

Accounts receivable is recognised and carried at original full amounts less provision for doubtful debts. Specific provisions for doubtful debts are made where the recovery of the full amount is considered doubtful. Bad debts are generally written off against the provision when identified.

*De-recognition*

Financial assets are derecognised when the contractual rights to receive the cash flows expire or where the risks and rewards of ownership of the assets have been transferred.

**(l) Financial liabilities**

*Initial recognition and measurement*

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings, plus directly attributable transaction costs. The University's financial liabilities include accounts payable and are recognised initially at fair value.

*Subsequent measurement*

The measurement of financial liabilities depends on their classification as follows:

**Accounts payable**

Accounts payable is carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not invoiced to the University.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(l) Financial liabilities (continued)**

*De-recognition*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

**(m) Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to the University.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(m) Fair value measurement (continued)**

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Where applicable, the University uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

**(n) Capital grants and contributions**

*Capital grants*

Capital grants are received from GORTT and private sources for the specific purpose of construction and/or purchase of property, plant and equipment. These grants are recognised where there is reasonable assurance that the grant funds will be received and utilised in accordance with all stipulated conditions. The University follows the deferral method of accounting for capital grants and funds received are recorded in the statement of financial position as 'Deferred Capital Grants'. An amount equivalent to the depreciation charge on the relevant property, plant and equipment is released to income over the expected useful life of the asset. Non-monetary capital grants are recorded at fair value and are released to income over the expected useful life of the asset.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(n) Capital grants and contributions (continued)**

*Government contributions*

The University submits requests to GORTT annually for funding of its budgeted operating deficits prior to GORTT's preparation of the National Budget for a respective fiscal year which runs from October to September.

Contributions received from GORTT for recurrent expenditures are recognised as income in the year to which the GORTT's annual budget allocation is applicable. The University therefore accrues for these contributions as income in the corresponding year for which funds have been allocated in the National Budget.

*Non-Government contributions*

The University receives funding from donors for research projects, bursaries, scholarships, capital and other purposes. The University follows the deferral method of accounting for grants and donations when they are restricted in use by the donor.

Donations that are governed by donor-imposed stipulations, which must be complied with to the satisfaction of the donor for the expenditure to be approved, are generally for research projects and are referred to as 'Deferred Contributions' (Note 11). Such donations are accounted for as follows:

(i) Donations received in advance of expenditure:

Donations received in advance of expenditure are deferred and shown in the statement of financial position as 'Deferred Contributions'. When funds are disbursed, the amount is charged as an expense in the statement of income and expenditure or, if applicable, included on the statement of financial position as property, plant and equipment or intangible assets. An equivalent amount is then released as income from 'Deferred Contributions' to the statement of income and expenditure.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(n) Capital grants and contributions (continued)**

*Non-Government contributions (continued)*

**(ii) Expenditure in advance of receipt of donations pledged:**

Expenditure, made in accordance with donor's stipulations in advance of receipt of donations pledged, is included in the statement of financial position as 'Accounts Receivables'. The amount is also reflected in the statement of income and expenditure as relevant expenses or if applicable, in the statement of financial position as property, plant and equipment with an equivalent amount reflected as 'Non-Government Contributions' in the statement of income and expenditure or if applicable, 'Deferred Capital Grants'.

**(o) Provisions**

Provisions are recognised when the University has a present obligation (legal or constructive) as a result of a past event where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the University can reliably measure the outflow of economic benefits in relation to a specific matter and considers such outflows to be probable, the University recognizes a provision against the matter. Given the subjectivity and uncertainty of determining the probability of losses, the University takes into account a number of factors including legal advice, the stage of the matter and historical evidence.

**(p) Revenue recognition**

Revenue is recognised to the extent that it is probable that economic benefits will flow to the University and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received, excluding discounts and rebates.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies** (continued)

**(p) Revenue recognition** (continued)

The applicable recognition criteria are set out below:

(i) *Government contributions: Recurrent grants*

As explained in Note 2 n, contributions received from GORTT for recurrent expenditures are recognised as income in the year to which GORTT's annual budget allocation is applicable. The University therefore accrues for these contributions as income in the corresponding year for which funds have been allocated in the National Budget.

(ii) *Government contributions: Capital grants released*

As explained in Note 2 n, an amount equivalent to the depreciation charged on the related property, plant and equipment is released to income over the expected useful life of the asset.

(iii) *Tuition and other related fees*

Tuition and other related fees are recognised on the accrual basis over the period of instruction.

(iv) *Interest income*

Interest income is accounted for on the accrual basis.

(v) *Other income*

Other income is derived from a range of activities including project management services and rental of facilities and is recognized on the accrual basis.

(vi) *Professional Education Unit (PEU)*

Income is recognised on the accrual basis and is reported separately in the income statement and statement of changes in reserves.

(vii) *Non-government contributions*

As explained in Note 2 n), contributions received from third parties (excluding GORTT) are deferred and recognised in income when the related expenses are incurred as applicable.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**2. Significant accounting policies (continued)**

**(q) Reclassification of comparative figure at 30 September 2013**

An amount of \$16.5 million was incorrectly classified in Note 4 (ii) as ‘funds received for specific purposes’ with respect to the Trinidad and Tobago Health Sciences Initiative (TTHSI) project, in the financial statements for the year ended 30 September 2013. This \$16.5 million related to funds for general use by the University.

As a result, the comparative figure at 30 September 2013 in Note 4 (ii) has been reclassified from ‘funds received for specific purposes’ re: TTHSI to ‘funds for general use’ by a reduction of \$16.5 million, from \$50.0 million to \$33.5 million.

This reclassification has no impact on the previously reported value of ‘Cash and cash equivalents’ or ‘Cash and short-term deposits’ for prior year 2013.

**3. a. Accounts receivable**

**3. b. Prepayments**

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
Presented in the statement of financial position as follows:		
Current portion	9,094	8,808
Non-current portion	<u>15,000</u>	<u>—</u>
	<u>24,094</u>	<u>8,808</u>

Current portion represents prepayments for insurance and other expenses which are expected to be realized within the next financial year.

Non-current portion represents a payment of \$15 million to the Chaguaramas Development Authority (CDA) for a 30-acre parcel of land adjacent to the Chaguaramas Campus at a premium of \$60 million, in anticipation of the finalization of a Deed of Lease (Note 15 (a)).

**4. Cash and short-term deposits**

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
(i) Cash at bank and in hand	159,696	191,757
Money market mutual funds	234,398	142,861
Term deposits - 90 days maturity	<u>—</u>	<u>80,000</u>
Total cash and cash equivalents	394,094	414,618
Term deposits over 90 days maturity	<u>255,000</u>	<u>164,116</u>
<b>Total cash and short-term deposits</b>	<u>649,094</u>	<u>578,734</u>

The applicable interest rates at the year-end date on the money market mutual funds (TT\$) range from 0.90% to 1.0% per annum (2013: 1% to 1.3% per annum). The term deposits are for maturity periods ranging between 181 and 360 days and earn interest at rates ranging from 0.25% to 0.62% per annum (2013: 0.20% to 0.80% per annum).

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**4. Cash and short-term deposits (continued)**

- (ii) Cash and short-term deposits include the following funds received for specific purposes as outlined in relevant agreements and are not available for general use by the University:

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
GORTT funds for capital projects	45,611	50,819
Trinidad and Tobago Health Sciences Initiative (TTHSI)	21,857	33,553
Donated/sponsored funds	84,364	81,454
Staff Health Plan funds	<u>6,087</u>	<u>2,544</u>
	<u>157,919</u>	<u>168,370</u>

These funds are held in assets which are readily convertible into cash and cash equivalents.

As explained in Note 2 q), an amount of \$16.5 million was incorrectly classified as 'funds received for specific purposes' with respect to the Trinidad and Tobago Health Sciences Initiative (TTHSI) project, in prior year 2013. The comparative figure for year 2013 has been reclassified from 'funds received for specific purposes' re: TTHSI to 'funds for general use', by a reduction of \$16.5 million, from \$50.0 million to \$33.5 million.

**5. Accounts payable and accruals**

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
Trade creditors	70,397	70,174
Retentions payable	65,341	65,202
Accruals	57,299	60,715
Trinidad and Tobago Health Sciences Initiative (TTHSI)	21,857	33,147
Other payables	21,163	14,297
Gratuity payable	9,487	4,280
Johns Hopkins Medicine International LLC	<u>—</u>	<u>406</u>
	<u>245,544</u>	<u>248,221</u>
Presented in the statement of financial position as follows:		
Current portion	176,271	182,425
Non-current portion	<u>69,273</u>	<u>65,796</u>
	<u>245,544</u>	<u>248,221</u>

The amounts presented as 'TTHSI' are funds which the University received from GORTT to fulfill the obligations of the project.

The non-current portion of accounts payable and accruals includes retention payable of \$64.5 million (2013: \$63.2 million) and gratuity payable of \$4.8 million (2013: \$2.58 million).

**6. Deferred tuition fees**

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
Opening balance	79,165	78,175
Fees deferred	66,378	79,105
Released to income	<u>(79,410)</u>	<u>(78,115)</u>
Closing balance	<u>66,133</u>	<u>79,165</u>

The University's academic year runs from September to August. Accordingly, charges for annual tuition fees are processed at the start of the academic year (i.e. September). As a result a portion of annual tuition fees is deferred at the end of the financial year

	<u><u>1,353,068</u></u>	<u><u>1,239,824</u></u>

(a) *Signature Building Complex, Tamana InTech Park:*

Construction of the Signature Building Complex, which includes fully functional, custom-designed laboratories, learning spaces, offices, state-of-the-art auditorium and ancillary services, began in January 2008. As at 30 September 2014, the percentage of the works completed is 65% (2013: 59%). As at October 2017, the percentage of the works completed is approximately 86%.

By letter dated 3 June 2013, the University and the Main Contractor documented their agreement in relation to certain outstanding claims for contract variations. This agreement has resulted in an increase of \$525.6 million (VAT Exclusive) to the maximum guaranteed price of \$975.5 million (VAT Exclusive). Accordingly, the revised maximum guaranteed price has increased to \$1.501 billion (VAT Exclusive).

(b) *Campuses:*

Information on the major campuses is as follows:

*Point Lisas Campus:*

In September 2004, the University recorded the building and equipment of Trinidad and Tobago Institute of Technology (TTIT) at fair values (at the recognition date) with corresponding credits to 'Deferred Capital Grants' (Note 10).

The Point Lisas Campus is situated on 4.3723 hectares of land acquired by way of a State Grant issued on 17 August 2010.

*O'Meara Campus:*

The O'Meara Campus is situated on land acquired under an agreement for a lease for 30 years effective 1 January 2005 (Note 9). This campus comprises: Academic Building, Graduation Pavilion, Administration Building, and Outdoor Cricket/Football Field.

*Chaguaramas Campus:*

The Chaguaramas Campus comprises: Administration and Teaching Building, Workshop, Swimming Pool and the Marine Sciences & Engineering Building.

This Campus is situated on 8 acres of land acquired in two separate parcels:

- 5 acres under an agreement for a lease for 99 years effective 1 August 2005 (Note 9)
- 3 acres under an agreement for a lease for 99 years effective 1 July 2007 (Note 9)

(b) *Campuses:* (continued)

*John S Donaldson and San Fernando Campuses:*

By letter dated 13 February 2007, the Ministry of Science, Technology and Tertiary Education granted permission to the University to occupy and utilise the premises of John S. Donaldson Technical Institute (JSDTI) and San Fernando Technical Institute (SFTI) with immediate effect. The University has not recognised these properties in its statement of financial position. However, the University has recorded the cost of upgrade works undertaken within the 'Buildings and Improvements' category of Property, Plant and Equipment.

*Valsayn and Corinth Campuses:*

By letter dated 13 September 2006, the Ministry of Education granted permission to the University to occupy and utilise Valsayn and Corinth Teachers' Training Colleges with immediate effect. The University has not recognised these properties in its statement of financial position. However, the University has recorded the cost of upgrade works undertaken within the 'Buildings and Improvements' category of Property, Plant and Equipment.

*ECIAF Campus:*

By letter dated 30 April 2008, the Ministry of Science, Technology and Tertiary Education granted permission to the University to occupy and utilise the properties of Eastern Caribbean Institute of Agriculture and Forestry (ECIAF). The University has not recognised these properties in its statement of financial position. However, the University has recorded the cost of upgrade works undertaken within the 'Buildings and Improvements' category of Property, Plant and Equipment.

(b) *Campuses:* (continued)

*Waterloo Research Centre:*

In October 2006, GORTT decided to transfer the Sugarcane Research, Extension and Support Services Unit (RESS) at Waterloo, from Caroni (1975) Limited to the University. The University has not secured legal title to the land and buildings thereon at year-end and therefore has not recognised these properties in its statement of financial position. However, the University has recorded the cost of upgrade works undertaken within the 'Buildings and Improvements' category of Property, Plant and Equipment.

*Agora Campus:*

In November 2008, the University acquired freehold interest in property located at Lot #1 Road Reserve, Off Munroe Road, Uriah Butler Highway, Charlieville to accommodate the Professional Education Unit. Costs relating to renovation works were capitalised in May 2011.

	<u>2,061,457</u>	<u>1,976,802</u>
Balance brought forward	1,976,802	1,778,330
Received during the year (monetary)	131,324	247,218
Transferred to recurrent grants (below)	(4,103)	–
Transferred from 'Deferred Contributions' (Note 11)	2,372	48
Released to the statement of income and expenditure	<u>(44,938)</u>	<u>(48,794)</u>
Balance carried forward	<u>2,061,457</u>	<u>1,976,802</u>
Current portion	47,080	50,428
Non-current portion	<u>2,014,377</u>	<u>1,926,374</u>
	<u>2,061,457</u>	<u>1,976,802</u>

For each reporting period, the University transfers to income an amount equivalent to the depreciation charge of related property, plant and equipment.

The University in Year 2013 re-allocated \$4.103 million from 'Recurrent Grants' to 'Deferred Capital Grants', received from the Government of \$429 million for the purchase of Minor Equipment. Income was therefore reflected in Year 2013 at \$424.897 million.

In Year 2014, the University has reviewed this treatment and has reversed the \$4.103 million from 'Deferred Capital Grants'. The \$4.103 million has been combined with funds received for Recurrent Grants in current year of \$429 million giving a total amount of \$433.1 million, as reflected in the statement of income and expenditure.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**15. Related party disclosures**

The Corporation Sole, on behalf of the Government of the Republic of Trinidad and Tobago (GORTT), is the only Member of The University of Trinidad and Tobago. The Corporation Sole appoints the Board of Governors of the University.

In the conduct of its business, the University has entered into significant transactions with GORTT- related entities that are required to be disclosed in accordance with IAS 24: Related Party Disclosures. These transactions are set out below:

*(a) Lease of land at Chaguaramas:*

In 2005, the University entered into an agreement with the Chaguaramas Development Authority (CDA) for the lease of a five-acre parcel of land at Granwood, Chaguaramas for a period of 99 years commencing 1 August 2005 at a premium of \$10 million. The Chaguaramas Campus of the University (Phases 1 and 2) was constructed on this parcel of land.

In 2007, the University entered into an agreement with CDA for the lease of a contiguous three-acre parcel of land for a period of 99 years commencing on 1 July 2007 at a premium of \$6 million. The Marine Sciences and Engineering building (Phase 3) was constructed on this parcel of land.

In November 2013, the University entered into negotiations with CDA for the lease of an additional contiguous thirty-acre parcel of land at a premium of \$60 million. In anticipation of the finalization of a Deed of Lease, the University made a prepayment to CDA in the amount \$15 million. The lease expense recorded for the year amounted to \$0.261 million (2013: \$0.174 million) and is presented within facilities cost (Note 14 a).

*(b) Lease of Land at Tamana InTech Park:*

In 2007, GORTT agreed to the establishment of the Main Campus of the University at Tamana InTech Park, on a parcel of land comprising approximately 153 acres of state land leased to the Evolving TecKnologies and Enterprise Development Company Limited (e TecK), which is a wholly-owned State Enterprise. Details of the construction of the Signature Building Complex at Tamana Intech Park (“the Main Campus”) are provided in Note 7.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**15. Related party disclosures (continued)**

*(b) Lease of Land at Tamana InTech Park: (continued)*

Negotiations between the University and e TecK for securing a sub-lease of the land have not yet been concluded. By letter dated 26 July 2010, e TecK submitted an Offer for a Thirty-Year Lease commencing 1 January 2007, proposing the payment of a premium of \$1.8 million plus 15% VAT and an annual rent of \$1.6 million plus 15% VAT, subject to rent reviews at the end of every five years. It was on this basis that the University had set up an accrual for the rental charges.

Subsequently, the University was notified by letter dated 2 June 2017 from eTeck that no rental charges would be payable on this property prior to 1 June 2017. Therefore as at 30 September 2014, the University reversed the accrual in the amount of \$12.886 million plus 15% VAT representing amortised premium in the amount of \$0.465 million plus 15% VAT and annual rent in the amount of \$12.4 million plus 15% VAT. The lease expense recorded for the year amounted to a net income item of \$12.886 million (2013: \$1.9 million expense) and is presented within facilities cost (Note 14 a).

*(c) Lease of land at O'Meara Industrial Estate:*

By an Agreement for a Lease made in writing on 6 March 2007 between e TecK and the University, the University agreed to lease from e TecK a parcel of land situate at O'Meara Industrial Estate comprising 30.69 hectares for a period of 30 years commencing 1 January 2005 at a premium of \$0.52 million plus 15% VAT and an annual rent of \$0.48 million plus 15% VAT, subject to rent reviews at the end of every five-year period. Due to the fact that the University is engaged in educational development activities, the rent charged by e TecK, as a matter of its Board-approved policy, was based on fifty percent (50%) of the market rental value.

By letter dated 23 November 2010, e TecK sought to invoke the rent review provision and informed the University that the revised annual rent would be \$0.78 million plus 15% VAT for the period 1 January 2010 to 31 December 2014. The University and e TecK have not concluded negotiations with respect to the revised rent and the University continues to pay rent at the original rate. However, as at 30 September 2014, the University has accrued the sum of \$1.425 million plus 15% VAT, representing the difference between original rent and the proposed revised rent for the second five-year period. The lease expense recorded for the year amounted to \$0.921 million (2013: \$0.875 million) and is presented within facilities cost (Note 14 (a)).

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**15. Related party disclosures (continued)**

(d) *Use of Trinidad and Tobago Electricity Commission (T&TEC) dark fibre optic cable:*

From 2007, the Wide Area Network (WAN) of the University has been supported through the provision by the Trinidad and Tobago Electricity Commission (T&TEC), of dark fibre optic cable connections among several campuses and operating locations of the University. Among the campuses which benefit from the dark fibre optic cable connections are the O’Meara and Point Lisas campuses; these are the primary and secondary core sites respectively of the University’s WAN. From October 2013 the University commenced monthly payments for this service in the amount of \$72,000.00 plus 15% VAT.

(e) *Property Management Services re:NAPA:*

In 2008, GORTT decided that the University should be assigned the responsibility for the management, maintenance, security and operation of the National Academy for the Performing Arts – North Campus (NAPA). Although no Property Management Contract had been concluded between GORTT and the University, the University assumed responsibility for the management, maintenance, security and operation of NAPA upon its completion in November 2009 and has invoiced GORTT for the recovery of security, utilities, grounds and equipment maintenance costs and the payment of property management fees.

GORTT re-assigned the responsibility for the management, security, operation and maintenance of NAPA to the Ministry of the Arts and Multiculturalism (now the Ministry of Community Development, Culture and the Arts) with effect from 30 April 2013. However this decision has not been implemented as at 30 September 2014 and the receivable from GORTT amounts to \$21.7 million, this amount has been included within Provision for doubtful debts (Note 3).

(f) *Project Management Services re:TTHSI:*

In 2006, as part of the Trinidad and Tobago Health Sciences Initiative (TTHSI), the University, on behalf of GORTT, entered into a Collaboration and Services Agreement with Johns Hopkins Medicine International LLC. The Agreement was expressed to be for a period of six years to conclude in February 2012, but contained a provision for extension. The activities contemplated by the Agreement continued beyond the six-year period of the Agreement which was formally extended in the 2012-2013 financial year. Accordingly, the University recorded project management fees for the period of five months up to February 2012 in 2012, with the fees for the remaining seven months for 2012 being recorded in 2013.

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
Project management fees income re: TTHSI	<u>1,342</u>	<u>5,068</u>

**16. Commitments**

Future minimum rentals payable under operating leases in respect of land, office equipment, facilities and staff accommodation entered with various companies are as follows:

	<b>2014</b>	<b>2013</b>
	<b>\$'000</b>	<b>\$'000</b>
Due within one year	2,463	1,945
Due after one year but not more than five years	4,029	3,640
Due after five years	<u>9,317</u>	<u>9,882</u>
	<u>15,809</u>	<u>15,467</u>

Operating lease expenses amounting to \$3 million (2013: \$2.2 million) have been incurred during the year and are expensed within facilities costs.

The University has approved capital commitments amounting to \$733.8 million (2013: \$750.5 million) relating primarily to the construction of the Signature Building Complex at Tamana InTech Park and the Chaguaramas Campus. These capital commitments at 30 September 2014 are fully funded by government grants.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**17. Taxation**

The University has not accounted for taxation in these financial statements as required by International Accounting Standards 12: “Income Taxes”, notwithstanding the fact that the University’s application for Charitable Organisation Status under the Corporation Tax Act, with retroactive effect from 14 September 2004 has not yet been granted by the Board of Inland Revenue. Accordingly, deferred taxes have not been recorded.

The University continues to pursue a resolution of this matter with the Minister of Finance and The Economy.

**18. Financial risk management**

**Introduction**

The University’s activities expose it to a variety of financial risks including credit risk, liquidity risk and foreign currency risk. The overall risk management practices are focused on minimising the potential adverse effects of these risk factors on the financial performance and viability of the University.

**Risk management structure**

The Board of Governors is ultimately responsible for the overall risk management approach and for approving the risk strategies, principles and policies and procedures. Day to day adherence to risk principles is carried out by Management in compliance with the policies approved by the Board of Governors. Additionally, the Board has established sub-committees led by designated members of the Board to formulate and recommend policies and procedures for its consideration and approval.

FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**18. Financial risk management** (continued)

**Credit risk**

Credit risk is the risk that a debtor or counter-party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The University is exposed to credit risks from its operating activities, including deposits with banks and financial institutions and accounts receivable balances.

Significant changes in the economy, or in the state of a particular industry segment that represents a concentration in the University's portfolio, could result in losses that are different from those provided at the year-end date. Management therefore manages its exposure to credit risk.

The maximum exposure to credit risk for the components of the statement of financial position, without taking account of any other credit enhancement is as follows:

	<b>Gross maximum exposure 2014 \$'000</b>	<b>Gross maximum exposure 2013 \$'000</b>
Cash and short-term deposits	649,094	578,734
Amount due from GORTT	89,050	103,698
Corporate receivables	10,348	11,197
Other receivables	<u>2,886</u>	<u>6,349</u>
	<u>751,378</u>	<u>699,978</u>

***Credit risk related to receivables***

Customer credit risk is managed in accordance with the University's established policies, procedures and controls relating to customer credit risk management. The requirement for a provision for doubtful debts is assessed at each reporting date on an individual basis for major customers/clients. Adequate provisions have been established in these financial statements in respect of those balances for which collectability is considered doubtful. A significant portion of receivables is due from GORTT.

FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**18. Financial risk management** (continued)

*Credit risk related to cash and short-term deposits*

Cash and short-term deposits are placed with highly rated and reputable financial institutions in Trinidad and Tobago.

**Foreign currency risk**

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The University incurs foreign currency exposure on transactions that are denominated in a currency other than the Trinidad and Tobago dollar. The University ensures that the net exposure is kept within reasonable limits by monitoring and, where necessary, adjusting its exposure.

The aggregate value of financial assets and liabilities by currency denominations is as follows:

**Year ended 30 September 2014**

	<b>USD (TT equivalent) \$'000</b>	<b>TTD \$'000</b>	<b>TOTAL \$'000</b>
<b>ASSETS</b>			
Cash and short-term deposits	125,518	523,576	649,094

**18. Financial risk management (continued)**

**Year ended 30 September 2013**

	<b>USD (TT equivalent) \$'000</b>	<b>TTD \$'000</b>	<b>TOTAL \$'000</b>
<b>ASSETS</b>			
Cash and short-term deposits	122,583	456,151	578,734
Accounts receivable	<u>349</u>	<u>120,895</u>	<u>121,244</u>
	<u>122,932</u>	<u>577,046</u>	<u>699,978</u>
<b>LIABILITIES</b>			
Retentions	–	65,202	65,202
Johns Hopkins Medicine International LLC	406	–	406
Trade creditors	1,402	68,772	70,174
Other payables	–	47,444	47,444
Gratuity payable	<u>–</u>	<u>4,280</u>	<u>4,280</u>
	<u>1,808</u>	<u>185,698</u>	<u>187,506</u>

The sensitivity to a possible change in the US dollar exchange rate, with all other variables held constant, of the University's excess of income over expenditure is as follows:

	<b>Change in US dollar rates</b>	<b>Effect on net income \$'000</b>	<b>Effect on equity \$'000</b>
<b>2014</b>	1% increase	1,234	1,234
	1% decrease	(1,234)	(1,234)
<b>2013</b>	1% increase	1,211	1,211
	1% decrease	(1,211)	(1,211)

The effect on net income is shown net of US dollar financial assets (2014: \$125.9 million; 2013: \$122.9 million) and liabilities (2014: \$2.6 million; 2013: \$1.8 million).

FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**18. Financial risk management (continued)**

**Liquidity risk**

Liquidity risk, also referred to as funding risk, is the risk that the University will encounter in meeting its payment obligations when they fall due under normal and extenuating circumstances. Prudent liquidity risk management implies maintaining sufficient cash and ensuring the availability of funding through an adequate amount of committed facilities. The University manages this risk by keeping a substantial portion of its financial assets in liquid form.

The maturity profile of the University's financial liabilities at 30 September is as follows:

**Year ended**

**30 September 2014**

	<b>&lt; 1 year \$'000</b>	<b>&gt; 1 year \$'000</b>	<b>Total \$'000</b>

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**18. Financial risk management** (continued)

**Capital management**

The objective of the University's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business activities and safeguard the University's ability to continue as a going concern.

At year-end, the University does not carry any long-term borrowings obligations and is not subject to any externally imposed capital requirements.

**19. Fair values**

The carrying amounts of short-term financial assets and liabilities comprising cash and short-term deposits, accounts receivable and accounts payable approximate to their fair value because of the short-term maturities of these instruments.

**20. Contingent liabilities**

The University is party to certain litigation, claims and other legal proceedings in respect of matters which occurred prior to 30 September 2014. There exist contingent liabilities of approximately \$3.8 million (2013: \$13.4 million). No provision has been made in these financial statements as the outflow of resources is considered to be improbable.

**21. Subsequent events**

**(i) Settlement of Judgment Debt**

The following matters have been appropriately accrued for in these financial statements and have been subsequently settled as described below:

In October 2011, the High Court granted an interim Order in favour of two claimants in respect of some of the claims they filed against the University in December 2010 and ordered that the Claimants be at liberty to pursue their remaining claims. In accordance with the Order, the University satisfied the Judgment Debt in February 2014.

THE UNIVERSITY OF TRINIDAD AND TOBAGO

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2014  
(Continued)

**21. Subsequent events (continued)**

**(i) Settlement of Judgment Debt (continued)**

In February 2016, the University agreed to pay one of the claimants the sum of \$1.6 million in full and final settlement of its remaining claims.

In May 2017, the High Court ordered the University to pay the other claimant the sum of \$12.1 million inclusive of interest.

**(ii) Litigation matters**

In respect of matters which have arisen subsequent to 30 September 2014:

- (a) Legal proceedings have been initiated against the University for which the University has estimated potential liabilities in the amount of \$1.5 million.
- (b) In November 2016, the University settled a Judgment Debt as awarded by the High Court in October 2016 in the amount of \$7.2 million plus costs of \$141,000.

About EY

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.
